The Production-Ready Engineer
The complete DevOps roadmap, from your first Linux command to senior architect
Volume 1 of 6: Foundations

Copyright © 2026 Ubong Eduok.

This book is released under the MIT License; the full text is printed in Appendix D, in Volume 6. You may use, copy, modify and share this material, including in your own courses and projects, as long as the copyright and license notice are kept.

Everything here is provided "as is", without warranty of any kind. Run the labs in sandboxes. Read the cost warnings before using a real cloud account, and finish each lab with its teardown steps. Commands that change systems can cause damage or charges; you are responsible for where you run them.

Product and company names are trademarks of their respective owners and are used here only to identify and teach their technology. Their use implies no affiliation or endorsement. Tool icons in the author portrait are from Devicon (MIT licence).

Tools change quickly. Command output in this book is illustrative, and version numbers will age. When in doubt, check the official documentation named in each chapter's further reading.
